Digital Usage

The graphic standards for the printed page should be observed in Internet, website, or multimedia presentation creation, whenever possible.

The rules for official logo colors should be observed. If PMS colors or RGB formulas are not available options with your software and only preset color choices are available, then the nearest approximations to the official logo colors should be chosen.

If animation is employed, the logo may change or evolve during animation, but its final state should be either the one or two-color version of the logo without any distortion or color change. Third dimension or depth may be added to the logo if it does not greatly distort the logo or change its color.

As in the standards for the printed page, subdued colors which convey a "business look," should be used.

Torch Awards Program

The Business Professionals of America Torch Awards Program has an individual identity for use when promoting the program*. In addition to a program identity, each level of the Torch Awards Program recognized by the organization has been provided with an individual identity which includes color enhancement. The concept of the design is to provide a consistent, streamlined identity across the organization from chapter to state to national levels.

The following guidelines have been established for the Torch Awards Program identity:

- The typeface to compliment the Torch Awards Program is Helvetica Light.
- The full color identity must be navy blue and red.
- The one-color version may only be printed in navy blue or black.
- The one-color reverse (white) identity may only be used when printing on dark color such as black, dark gray, navy blue, or red.

*EXCEPTION: There are a few exceptions where the symbol of the torch incorporated into the Torch Awards Program identity can be used as a stand-alone image, but only when it is being used to represent or promote Business Professionals of America's Torch Program.

Torch Awards Program

The torch symbol cannot be incorporated into the Business Professionals of America logo/brand identity in any way. It must remain as a stand-alone image outside of the Business Professionals of America or full Torch Awards Program identity. All exceptions must be approved by the National Center in advance.

To reduce the occurrence of inconsistent color, it is recommended and encouraged that all printed pieces are to be printed with Pantone Matching System (PMS) ink. The PMS colors for the Torch Awards Program identity are as follows:

Navy: PMS 289

Red: PMS 185

Each of the individual levels for the Torch Awards Program may be printed in one-color using either black or navy blue. The one-color reverse (white) logo may only be used when printing on a dark color such as black, dark gray, navy blue, or red.
