 - d. Each candidate shall abide by campaign regulations set by the Board of Trustees in cooperation with conference hotels.

E. Voting Procedures

State Associations shall exercise their voting privilege through national voting delegates at the annual divisional Business Meetings and State Caucuses at the National Leadership Conference. Voting delegates shall be student members of the respective division for which they are serving as voting delegates. All business and discussion must be conducted by the voting delegates.

1. Secondary

The number of Secondary Voting Delegates is determined by granting each State Association five (5) votes plus additional votes, based on their paid student memberships received in the National Center by February 15. Membership dues received after February 15, if postmarked prior to February 15, and if mailed first class, shall qualify for the February 15 deadline. Additional votes will be determined by multiplying the state student membership total by a factor of .003 and rounding to the nearest whole number.

2. Post-secondary

The number of Post-Secondary Voting Delegates is determined by granting each State Association three (3) votes plus additional votes, based on their paid student memberships received in the National Center February 15. Membership dues received after February 15, if postmarked prior to February 15, and if mailed first class, shall qualify for the February 15 deadline. Additional votes will be determined by multiplying the state student membership total by a factor of .008 and rounding to the nearest whole number.

3. Alumni

- a. Each Alumni member present during the meeting shall have one (1) vote.
- b. In the event that a voting representative cannot attend a National Business Professionals of America—Alumni Administrative Assembly Meeting, a proxy may be designated, in writing to the National Business Professionals of America—Alumni President one calendar day prior to the meeting in which the vote is to be exercised. The proxy may not be designated to another Administrative Assembly member.

F. Elections

1. Secondary and Post-secondary

- a. Head voting delegate, voting delegate and alternate voting delegate ribbons will be provided. They must be worn during general sessions and elections: it is requested that they be worn at all times.
- b. Head voting delegate or alternate head voting delegate must be present at the Campaign Briefing Meeting or all general election votes will be lost. (State Advisor cannot serve as the representative.)
- c. No voting delegates may be seated after the session has been called to order. The maximum voting delegate count will be established during that session or subsequent sessions because voting delegates not present can never be regained during the conference.
- d. The primary election will be held by secret ballot.
- e. For all general offices, delegates at the primary election will vote for six (6) candidates at the Secondary level and four (4) candidates at the Post-secondary level. The top ten (10) Secondary Division and Post-Secondary Division candidates will become finalists and advance to the General Election.

- f. The general election will be held by secret ballot.
- g. A majority vote must be received to be elected to office.
- h. For offices, the top six (6) vote receivers for the Secondary Division and the top four (4) vote receivers for the Post-Secondary Division will be on the new officer team.
- i. Each candidate will be interviewed by a Placement Committee. This committee will include two (2) Board Members, Executive Officer Coordinator, Executive Director, one (1) former Executive Officer, and one (1) Alumni Member.
- j. The purpose of the Placement Committee is to place officers, elected by the voting delegates, in the office that best fits their skill sets and leadership potential. This interview will take place during NLC.
- k. Each candidate is elected by the delegates.
- l. If there are six (6) or less candidates running for office, the voting delegates will rank candidates in order of preference. The same procedure as stated above would take place, with the positioning by the delegates taken into strong consideration by the Placement Committee.
- m. If there are exactly eleven (11) candidates running for general office, there will be no primary election.
- n. In the event of positions remaining open after the first ballot due to an insufficient number of candidates receiving a majority of the votes, a second ballot shall be submitted to the voting delegates. The second ballot shall contain the top candidates at a number determined by the number of open positions remaining on the officer team plus one additional slot. In the second ballot, the voting delegates are not required to cast any specific number of votes. If a majority is not received on the second ballot, the position remains vacant. If a second balloting is required, this will be held during the caucus.

2. Alumni

If there are more than two officer candidates for any office, the Executive Committee, at their discretion, may personally interview and screen the candidates and/or hold a primary.

G. Guidelines

Guidelines listed in the Executive Officer Candidate Handbook shall be followed. See BPA website.

II. Business Professionals of America Conflict of Interest Policy

In their capacity as trustees, officers, and key employees, the individual leaders of Business Professionals of America must act at all times in the best interests of the organization they represent.

1. What Is a Conflict of Interest?

A conflict of interest may arise in any circumstance that may compromise the ability of a trustee, officer, or key employee to make unbiased and impartial decisions on behalf of Business Professionals of America. Such circumstances may involve family relationships, business transactions, professional activities, or personal affiliations.

The Board of Trustees of Business Professionals of America require all trustees, officers, and key employees to complete and submit an annual “Statement of Disclosure” detailing any facts or circumstances that might constitute a conflict of interest. The Board of Trustees further requires trustees, officers, and key employees to submit an amended “Statement of Disclosure” to reflect any material changes or additions to the submitted information that may arise during the course of the year. Officers, trustees, and key employees are encouraged to err on the side of disclosure and to report any set of circumstances that may appear to pose a conflict of interest, even if there is uncertainty as to whether such circumstances should be disclosed.

2. How Are Conflicts of Interest Identified?

The Audit Committee of Business Professionals of America will review each “Statement of Disclosure” for any set of facts or circumstances that may reflect an actual, potential, or apparent conflict of interest. The Audit Committee may request the assistance of legal counsel and/or an independent auditing firm to identify potential conflicts. When evaluating a particular set of facts or circumstances, the Audit Committee shall consider the following non-exhaustive list of factors that may indicate a conflict of interest:

- Solicitation or acceptance of gifts or other items of value that may create an appearance or expectation of special treatment from Business Professionals of America;
- Any incident of abuse or misuse of a leadership position for personal or third-party gain or benefit;
- Situations in which a trustee, officer, or key employee may be divided between personal interests or the interests of another organization and the best interests of Business Professionals of America;
- Business, professional, or other activities that would materially and adversely affect Business Professionals of America, either directly or indirectly; and,
- Any arrangement in which a trustee, officer, or key employee provides goods or services to Business Professionals of America as a paid vendor. The Audit Committee may request additional information from any trustee, officer, or key employee at any time; however, no individual whose relationships or activities are under review may participate in deliberations, debate, or any vote of the Audit Committee while such review is pending.

3. How Are Conflicts of Interest Resolved?

If the Audit Committee identifies an actual, potential, or apparent conflict of interest, it may take one of the following actions to resolve such conflict:

- Waive the conflict of interest as unlikely to affect the trustee's, officer's, or key employee's ability to act in the best interests of the organization;
- Determine that the individual trustee, officer, or key employee should be recused from all deliberation and decision-making related to the particular transaction or relationship that gives rise to the conflict of interest. This course of action should apply particularly when the transaction or relationship is one which presents a conflict only with respect to one or two discrete programs or activities; or
- Determine that the individual trustee, officer, or key employee must resign from his or her service to Business Professionals of America. This course of action should apply when the conflict of interest is so pervasive that the trustee, officer, or key employee would likely seldom, if ever, be able to act solely in the best interests of the organization.

The Board of Trustees of Business Professionals of America reserves final authority over the resolution of all conflicts of interest involving a trustee, officer, or key employee of Business Professionals of America. The Business Professionals of America Board of Trustees may overrule any decision of the Audit Committee with regards to any actual, potential, or apparent conflict of interest, and the Audit Committee may refer any such matter to the Board of Trustees at any time.

4. May Trustees and Officers Do Business with Business Professionals of America?

A conflict of interest exists any time a trustee, officer, or key employee seeks to enter into a business relationship with Business Professionals of America. Similar conflicts may arise through family members or through organizations in which trustees, officers, or key employees serve in a leadership, employment, or ownership capacity.

Such conflicts do not, however, necessarily preclude business relationships with Business Professionals of America. The following procedure is designed to resolve conflicts of interest whenever a trustee, officer, key employee, or a related party, seeks to provide goods or services to Business Professionals of America as a paid vendor, or solicits a contractual relationship with Business Professionals of America:

- The trustee, officer, or key employee must promptly disclose the intent to enter into a business relationship with Business Professionals of America, either to the Audit Committee, the Board of Trustees, or both.
- The trustee, officer, or key employee must recuse him or herself from all deliberation, debate, and/or voting related to the contemplated business relationship.
- If the value of the transaction exceeds \$5,000, Business Professionals of America must solicit proposals or applications from a broad range of other qualified candidates for the agreement or contract under consideration.

- The Business Professionals of America Board of Trustees must determine, without the presence or participation of the trustee, officer, or key employee under review, that the transaction is fair and in the best interest of Business Professionals of America.
- If the Business Professionals of America Board of Trustees approves the business relationship under consideration, the trustee, officer, or key employee may not participate in any process by which his or her performance as a vendor, or recipient is evaluated, or in any such evaluation of a related party.
